### WHIPPED THE CHINESE

#### Another Easy Victory For the Japs.

#### BURNED THE TOWN DENSHOTAL.

Four Hundred Chinese Killed—The Japs Lose 10 Men—The Terms of Peace Provide For Korea's Independence—Japan Gets Territory and Money.

LONDON, March 12.—A Shanghai dispatch to The Times, published today, says that a Chinese force of 7,000 men, supported by 30 guns, was attacked by the Japanese at Denshotal on Saturday last. General Katsura commanded the center division of the Japanese army, which fought bravely. General Oka was in command of the right wing of the troops. The left wing was composed of the Yamaguchi soldiers from Kaiping. The attack was successful, and in two hours the Chinese fled towards Chin-Chow, losing 400 men. The Japanese loss was ten killed. After burning Denshotal, for strategic reasons, the Japanese recrossed the Liao. It has been learned that the terms of peace agreed to by China and Japan, notice of which was given in these dispatches yesterday, provides that Korea is to be independent, that a certain amount of Chinese territory is to be ceded to Japan, and Japan is to have money indemnity, the amount to be agreed upon by the envoys.

#### THE GIBBS MURDER.

#### Clarence and Sadie Robinson on Trial For the Crime.

BUFFALO, March 12.—The trial is on of Clarence Robinson and Sadie Robinson, his wife, for the murder of Montgomery Gibbs, a young lawyer, about a year ago. Mr. Gibbs was walking alone up a residence street bordered with mansions brilliant with lights about 10 o'clock in the evening. Suddenly three pistol shots rang out in quick succession and Gibbs was found lying from a wound in the head, lying in the driveway leading to a fashionable residence.

MR. AND MRS. CLARENCE ROBINSON.

He expired without uttering a word. His assailants had vanished and left nothing as a clue to their identity. No arrests were made until several months later, when the Buffalo police received word from the police of Cleveland that they had Clarence Robinson under arrest and had warned out from his pals a charge that he was implicated in a Buffalo murder. Assistant Superintendent Casack of the Buffalo police went to Cleveland and "pinched" Robinson's wife, Sadie, who, thinking that her husband was to be charged with murder, confessed that she killed Gibbs herself, but refused to give any details Robinson, learning that his wife was under arrest for the Gibbs murder, was a clean sheet of the matter, telling how he and his wife had gone out to "hold up" somebody that night. Sadie being attired as a man. Gibbs had resisted and in the tussle he had been shot.

#### COLONEL M'CLURE'S TOUR.

#### He Is Receiving Great Attention Throughout the South.

NEW ORLEANS, March 12.—Colonel A. K. McClure, the well-known journalist, has reached the city. He is accompanied by his wife, General Milles and wife, the Misses Littlejohn of Philadelphia and Colonel T. T. Wright of Nashville.

The reception tendered Colonel McClure at the board of trade was attended by representative men in commercial, financial and railroad circles. Every exchange in the city was represented. Colonel McClure was introduced by President McCloskey. On rising, Colonel McClure was enthusiastically applauded. He said:

"I am more than gratified at the expression of friendship shown me in my tour of the south. A man in the north, who is not interested in the growth and prosperity of the south, is false to the country, false to the north, false to the south and false to himself."

Colonel McClure then spoke on the issues of the day and advised against free silver as a worse misfortune than war. The president of the board of trade, financial and railroad circles were present and the reception was an ovation. Colonel McClure is receiving great attention in the south.

#### France Retaliates on Venezuela.

PARIS, March 11.—As an outcome of the trouble between Venezuela and France growing out of the former's action in handing his passport to the French representative at Caracas, the French government has sent a passport to Dr. J. Gilfoin, the Venezuelan Charge d'Affaires.

#### A Missionary Schooner Arrives.

SAN FRANCISCO, March 11.—The missionary schooner Hiram Bingham has arrived from the Marshall group of islands in the South seas. She came up in 46 days. The trip of the schooner was in the interest of the American board of foreign missions.

### THE TONTAGNY MURDER.

#### Another Sensation Caused by the Release of Nellie Harting.

TOLEDO, March 12.—There was another sensation in the Tontogany murder case when Nellie Harting, Dr. Edmondson's domestic, was released from jail. The release of Miss Harting is the result of an alleged insufficiency of evidence to bind her over on the charge of murdering Mrs. Peany. Prosecutor Murphy and Mr. Trompe, after going over the information in their possession, decided it was not enough to warrant further steps in prosecution. Sheriff Biggs is naturally displeased at the turn things have taken. He says he will make no more arrests right away. He further says there is no mystery about the case as people seem to think. He is satisfied in his own mind who committed the deed, he says, but cannot produce the evidence to support his position. The next thing in order probably will be the offer of a reward by the commission. Prosecutor Murphy does not propose to let the matter rest, but intends to keep at work until the murderer is brought to justice. The sheriff says he would like very much to get hold of Mr. Dennis, a commercial traveler who was staying at Tontogany the night of the murder, and who was one of the first at the scene of the murder after the crime was discovered. Dennis' whereabouts are unknown.

#### HAYWARD MUST DIE.

#### He Can Have Three Months Longer, Then Hang.

MINNEAPOLIS, March 12.—Harry T. Hayward, convicted of the murder of Catherine Ging, has three months to live. Sentence was passed on him by Judge Seagrave Smith after a motion for an arrest of sentence by Mr. Erwin had been denied. Harry came into the court in the same leisurely calm manner that has characterized his demeanor all through the trial and survived the crowd today while the handcuffs were being removed. Judge Smith agreed to examine the grounds for a new trial on March 23 and then passed sentence. He said he had no doubt whatever that the verdict was a just and righteous one, and while he did not believe in capital punishment, it was his painful duty to pass sentence in accordance with the law.

"The sentence of this court," he continued, "is that you be taken to the Hennepin county jail and there confined until, after a period of three months, a time be fixed by the governor of this state, you be taken to the place of execution and hanged by the neck until you are dead."

Harry listened calmly and sat down without the slightest show of feeling.

#### Arguing For the Income Tax.

WASHINGTON, March 12.—Assistant Attorney General Whitney has resumed his argument in sustaining the income tax law before the supreme court of the United States. Attorney General Olney, ex-Senator Edmunds and other distinguished counsel in the case occupied seats at the desk reserved for attorneys. The courtroom was crowded, Mr. McMillan, Mr. Springer and several other members of congress who had taken part in the enactment of the income tax being among the interested listeners. Ex-Senator Edmunds argued against the tax.

#### Outraged Pride Causes a Crime.

CHARLESTON, March 13.—Mattie Meadows, at Lewiston, this county, in a fit of outraged pride, fatally cut Agnes Young's throat with a razor. The Meadow girl's father, aged 76, wanted to marry Agnes Young, but his daughter objected, whereas she was badly beaten by the old man. She then snatched her brother's razor, severely cutting her father and fatally injuring the woman. Agnes Young bears an ansavory character.

#### Carnegie Armor Stands the Test.

WASHINGTON, March 12.—Carnegie armor plate scored another decisive victory at Indian Head, Md., and as a consequence the government accepted \$200 tons of the side armor for the battleship Oregon, while the Carnegie Steel company, limited, of Homestead, will receive a draft for about \$200,000 to pay for the same.

#### Girls Again in Revolt.

CHICAGO, March 12.—The girl inmates of the state home for juvenile offenders have been again in revolt. The police were forced to interfere and the ringleaders were taken to the nearest station. They claim they have been treated so rigorously by the managers of the institution that they could not stand it. The trouble began when, for a breach of discipline, Matron Dayton locked Marie Davis in the "strong room" and chained her to the wall. The other inmates smashed in the door and released the prisoner, following the liberation by a wild riot.

#### Mrs. Lease Intends to Stay.

TOPEKA, March 12.—Mrs. Lease, the noted Populist orator, has not made up her mind to give up her place on the state board of charities to George A. Clark, although he has been appointed by the governor and confirmed by the senate. She claims that her time will not be out until February, 1896, and if her lawyer, Eugene Hagan, can find a law to sustain her claims she will make a fight to the courts.

#### Want Three Ideas of Money.

LAWRENCE, Kan., March 12.—The "Kent Club," the leading debating society of the Kansas university, has appointed a committee of three to secure, if possible, ex-Secretary Charles Foster of Ohio, William J. Bryan of Nebraska and William H. Springer of Illinois to address the club during the coming spring on the three ideas of money in this country.

#### The President Shooting Ducks.

CAPE HATTERAS, N. C., March 12.—President Cleveland and party are out in the "blinds" duck shooting. The weather is warm, but somewhat thick. There is plenty of game out on the reef where the blinds are situated, and from the shooting done, there must be a good many dead birds by this time. All are well.

#### Favors Revolutionary Methods.

MONTGOMERY, Ala., March 12.—Captain Kolb, who claims to be Alabama's rightful governor, has gone to Birmingham to be present at the meeting of the state executive committee, called for the purpose of determining whether the party shall adopt revolutionary methods to seat Kolb. Captain Kolb declined to talk. It is understood here that Kolb favors revolutionary methods.

#### Colored Men Warned to Leave.

UNIONVILLE, Mo., March 12.—The excitement attending the shooting of Al Todd, the colored man, by City Marshal Clark, has not abated and a deplorable state of affairs exists. Parties unknown, with strong prejudices against the colored race, have sent notice to all the colored men ordering them to quit the town. The letters are adorned by a skull and crossbones.

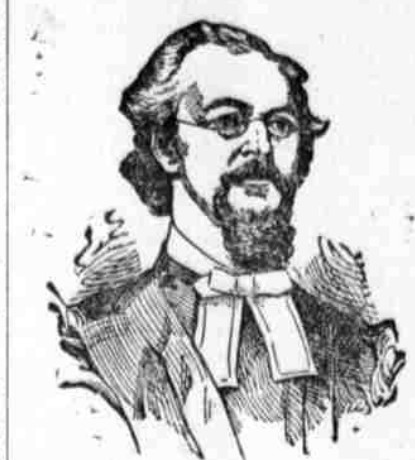

### DR. PARKHURST'S KICK

#### His Presbytery Sells a Church In Spite of It.

#### HE NEARLY GETS A CENSURE.

But the Words Were Finally Stricken From a Resolution Passed—One Minister Becomes Very Angry—Has Bearing on His Chances For Moderator.

NEW YORK, March 12.—In spite of the remark of the Rev. Dr. Parkhurst from the pulpit Sunday, that the proposed sale of the Church of the Sea and Land by the presbytery, after it had been promised to the Madison Square Presbyterian church for mission purposes, was a deliberate cold-blooded violation of a solemn contract, and an act which, if committed in Wall street,

REV. DR. PARKHURST.

would have furnished the members of the presbytery with juicy meat for homiletic exploitation. The presbytery has voted the sale of the church.

As it was introduced, the resolution directing the sale, quoted the words of Dr. Parkhurst given above in a way to imply censure by the presbytery, but it was amended with the consent of the mover, after Dr. Mullaly had urged that the preamble be allowed to remain. Dr. Mullaly's remarks caused considerable laughter among the members and the speaker became very angry. Turning around to the other members, he said: "This is the court of Jesus Christ and this laughter is unnatural."

It is said that Dr. Parkhurst is to be a candidate for moderator of the general assembly, which meets in Pittsburgh on May. His chances are said to depend on the support of his own presbytery. The action on the matter before the presbytery was expected to indicate his strength in the presbytery.

#### RIVER OPERATORS AGREE.

#### They Will Pay the 60-Cent Rate—Railroad Operators Firm.

PITTSBURGH, March 12.—The miners' strike is still on with no immediate sign of a settlement. Both sides are determined and the claims made are conflicting. The miners' officials say that from 5,000 to 9,000 diggers are now receiving the 60 cent rate demanded, while the operators claim that not more than 5,000 men were affected by the strike order.

Beginning with this morning 60 cents will be paid in the river coal mines of the Pittsburgh mining district. The railroad operators have decided to hold on to the 55-cent rate. This action was taken in meetings of the two classes of operators in this city yesterday.

The United States department of labor has heard of the mining troubles here and the mail has brought a special order to the representatives who are in the city. Messrs. Buffington, Imeson, Tilden and Burton, who have been here for several weeks gathering strike statistics, are instructed to drop other work and give this matter particular attention. They will begin the work at once.

#### Comments Upon Williams' Statements.

WASHINGTON, March 11.—Secretary Gresham had no official information relative to the reported intention of the Spanish government to request the extradition of United States Consul General Williams, at Havana. Secretary Gresham is plainly displeased at the freedom with which the consul general is quoted in the newspapers in comment upon the course pursued by the Spanish officials and he gives expression to that feeling by remarking that a "diplomatic and consular officer cannot with propriety publish in the newspapers his criticisms upon the acts of the officials of the country to which he is accredited."

#### Light May Be Cheaper.

NEW YORK, March 11.—Announcement is made of a remarkable discovery of a means of producing illuminating gas at a cost which may prove to be not more than seven cents a thousand feet for the same amount of light as is furnished by a thousand feet of ordinary gas at \$1.25. Factories are already completed and the gas may be offered for sale at a very low price. It is now used in a house in this city and has been found in every practicable.

#### President Cleveland's Sunday.

CAPE HATTERAS, N. C., March 11.—Mr. Cleveland and his party spent Sunday by taking a cruise to Pamlico Sound. The Violet left Cape Hatteras about 6 o'clock in the morning. She steamed south, passed Hatteras inlet to Crockett inlet and returned to her old anchorage in Cape Channel at 6 o'clock in the evening. The weather is delightful and the trip was enjoyed by all aboard. Weather permitting a big day's sport is expected today.

#### Queensberry Held For Trial.

LONDON, March 11.—The Marquis of Queensberry was Saturday at the Marlborough street police court, formally committed for trial by Mr. Newton, the sitting magistrate, on the charge of having libeled Oscar Wilde, in leaving at the Albemarle club on Feb. 5, a card upon which was written a disgraceful epithet. The marquis declared in court that he wrote the card simply to bring matters to a head and to save his son, and that he abided by what he wrote.

#### Smallpox Not Prevalent at Yale.

NEW HAVEN, Conn., March 11.—The scare that was started by the illness of J. Duke Smith of Yale with smallpox at his home in Andover, Mass., that the disease is prevalent at Yale, is without foundation. Only three students have gone home ill.

#### A Lucky Murderer.

CHRYSTIE, Wv., March 11.—The jury to the case of Charles Boulier, charged with murder, has brought in a verdict of manslaughter. Boulier is a cattleman who, in the past 18 years, has killed three men. Heretofore he has escaped punishment.
